THE FACULTY COMMITTEE

Take Under Consideration the University Thanksgiving Game.

ASKS REPORTER QUESTIONS

No Solution Reached, But Al Anxious to Settle Matter Satisfactorily to Richmond.

(Staff Correspondence to The Times-Dispatch.)

UNIVERSITY OF VINGINIA, VA., Jan. 5.-A meeting of the Faculty Committee of the University of Virginia Athletic Association was held in the president's office of the administration building, at noon to-day.

There were present President Edwin Anderson Alderman, Dr. Christian, Professor Echols and Dr. Lambert.

The matter under discussion was the future of the Thanksgiving foot-ball games in regard to the question of inducements to be offered or not offered to Richmond. The representative of The Times-Dispatch

The representative of The Times-Dispatch was invited to be present and was questioned regarding the attitude of the local alumni and the Richmond public generally towards athletics at the University.

A proposition will be made Richmond. What the nature of this proposition will be is not known even to the members of the committee themselves. It is in the minds of all, however, that a solution of the matter, agreeable to all parties concerned, will be reached, and that, too within the next two weeks.

Every member of the committee expressed regret that Richmond felt agrieved, and they were unanimous in saying that they would do all in their power to bring about an ending to the unhappy missinderstanding.

Richmond Closed.

Richmond Closed.

Richmond Closed.

It was pointed out to the committee that Richmond was closed to the University of Virginia, unless a new park were erected. As it is now, V. P. I. have the Broad Street Park, or any other park owned or operated by the Broad Street management, for three years to come. If the Ulversity of Virginia desires to play foot-ball in Pilchmond, she cannot do st, under the prevailing circumstances in Richmond.

Unless, therefore, an Athelle Field is constructed by the local University alumniand their friends, Richmond is a closed book as far as the University of Virginia athieties is concerned.

If such guarantees of games are offered as will induce the local alumnia that there will be two Thanksgiving games played in Richmond; of course, on the same day, probably neither one of which will prove as great success as in bygone years. Altogether, the athletic situation is in a muddle, and it will take very great wisdom on the part of all concerned to bring about a happy solution of the difficulty.

President Alderman,

President Alderman.

President Alderman,

President Alderman, who was not at,
the University when the game was given
by the Athletic Committee to Norfolk,
spoke carnestly for the ending of the matter. He repeated what he had said some
weeks ago, namely, that he and everyone
had Richmond and the Thanksgiving
game closely associated in their minds,
and that it seemed hard to separate them.
He has no desire, he said, to act otherwise than for the good of the University
in the matter. in the matter,

It is the fixed opinion of both students

faculty that he will find a way out the unfortunate misfortune.
All the students with whom the matte

All the students with whom the matter was discussed, spoke in behalf of Richmond.

It is a matter of self-interest with them, for no matter what the committee may say to the contrary, these boys will not be able to witness the great Thanksgiving game whon that game is played as far away as Norfolk.

Citizens Indignant.

Even the citizens of Charlottesville are indignant and do not hesitate to stare, in no uncertain terms, what they think of the decision of the Athletic Committee. The heart of the matter is this: Unless Richmond comes to the front now and builds a park exclusively for the University of Virginia, the team from Charlottesville will not be seen in Richmond for

THE VALUE OF CHARGOAL.

Charcoal is a remedy that the more

collect in the stomuch and bowes; it disinfects the mouth and throat from the
poison of catarrh.

All druggists seel charcoal in one form
or another, but propably the best charcoal and the most for the money is in
Staart's Charcoal Lozenges; they are
composed of the finest powdered Villow
charcoal, and other harmiess antisoptics
in tablet form or rather in the form of
large, pleasant tasting lozenges, the
charcoal being mixed with honey.

The daily use of these lozenges will
soon tell in a much improved condition
of the general health, better complexion,
sweeter breath and purer blood, and the
beauty of it is, that no possible harm
can result from their continued use, out
on the contrary, great beneft.

A Buffalo physician in speaking of
the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all
patients suffering from gas in stomach
and bowels, and to clear the complexion
and furify the breath, mouth and throat;
I also believe the liver is greatly benefitted by the daily use of them; they cost
put twenty-five cents a box at drug
stores, and although in some sense a
patent preparation, yet I believa i set
more and better charcoal in Stuart's
Charcoal Lozenges than in any of the
ordinary charcoal tablets." 5 8 8 8 8 8 8 8 8 8 8 8 8 8 8 8 8 8

CURED BY CUTICURA

Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recomwhen a friend of mine highly recommended Cuticura Rem-edies. The first night after I washed my face with Cuticura Soap and used Cuticura Olatment and Cuticura Resolvent it changed wonderfully and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a minth my face was as clean as ever." THOM IS J. SOTH, 317 Stagg St., Brooklyn, N.Y.

A Spotsylvania Family Stricken With Typhoid Fever.

(Special to The Times-Dispatch.) FREDERICKSBURG, VA., Jan. 25. FREDERICKSBURG, VA., Jan. 25.—Mr. Thomas J. Willis, of Richmond, a Confederate soldier, sent here this week to Mrs. George T. Gouldman a handsome willow rocking chair as a token of his appreciation of the kindness rendered him by Mrs. Gouldman while he was a Confederate soldier here during the terrific battle of the Civil War in 1863.

A few weeks ago air, Ryland Perry, of Washington, came here and went to the residence of acr. Thomas McGhee, in Spotsylvania county, a few miles from this city, on a visit and to enjoy a few days hunt. While there he was attacked with typhoid fever, and now five members of Mr. McGhee's family have contracted the same disease and are very lil. Besides these Mr. McGhee's mother-in-law is paralyzed, making seven sick persons in the same house at one time.

(Special to The Times-Dispatch.)

GLADESBORO, VA., Jan. 25.—A daughter of Mr. Thomas Lineberry, thirtoen years old, who resides in the upper end of arroll county, was fatally shot a few days since. The girl was sweeping a room of the dwelling whore there was a loaded shotgun standing in one corner, and a little five-year-old brother got hold of the gun and in some way fired it, the load taking effect in the girl's thigh, nearly tearing her leg from her body. Death ended her sufferings a few days after.

Mr. Fielden Nester has sent for the physicians to perform an operation on him for appendicitis.

There have been nine new telephones put in operation here in the last few days.

(Special to The Times-Dispatch.):

CHARLOTTES ILLE, A. Jun. 2.—What is regarded as a decided departure has been made by the faculty of the University of Virginia in determining to recognize to a larger extent the work of certain other accepted colleges in all of its agademic and engineer degrees. In giving the bachelor of art degree hereafter, tickes made in other colleges of good standing will be allowed to count to the number of seven. Students who have made three or four ticking eisewhere, will not be compelled in the fautro to take them over again at the University of Virginia.

However, no matter how many courses they have completed before entering that institution, they will have to complete, at least three before being awarded the B. A. degree. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines, and carries them ext of the system.

Charcoal sweetens the breath after smoking, drinking or atter cating onions and other oderous vegetables.

Charcoal effectually ocars and improves the compension, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases winch collect in the stomach and bowes; it disinfects the mouth and threat from the poison of catarrh.

was sailing and pushing her against the cabin of the yacht, broke both bones of her right leg. She has been compelled to use crutches for support and came into court yesterday to give her testimony supported by two crutches.

Under the United States statures the damages one can obtain in a libel depends on the value of the vessel libe....
No person can obtain more damages than the value of the vessel. While the Petrolia belongs to the Standard Oll Company and is a beautiful and serviceable launch, she is likely not worth more than the verdict of \$3,500 and therefore the statute possibly limits the amount of the damages.

At the last inventory of the property of the Standard Oll Company, the value of the Petrolia was fixed at \$3,700 and four years ago, she cost new \$4,700.

W. El Strouse was arraigned in the Police Court this morning on the charge of passing checks, which were not honored. The particular offense was that of a check for \$25 on the Gladstone Hotel, for which the charge was offered by W. C. McDowell, which the complainant testified went to protest.

The prisoner had no attorney and declared that he had nothing to say us to the charge against him and he received a sentence of six montas in jail.

Trees and ornamental shrubbery will be planted.

Rev. H. T. Williams, pastor of Baptist Church here had an offer of \$500 from Mr. H. C. Taylor, of this county, to aid the Southside Academy at this place provided he could raise an additional five hundred from the people of Chaso City. Somewhat on the line of Carnegle, "I will help you, if you will help yourselves." Mr. Williams, who is as indefatigable in collecting as Dr. Dickinson, undertook the task and successfully accomplished his purpose. Now he wants an additional thousand from the Concord Baptist Association, and he is going to get it before the fall session of the Academy.

Commercial salesmen, or drummers, have been numerous here selling for spring and summer trade. One man carried only a line of buggy whips and another confined himself strictly to the sale of suspenders.

All of the college presidents of the country have been invited and many have expressed their willingness to attend. Eight thousand nivitations to alumni have been issued. Answers have been received from about two thousand of these, and about 40 per cent, have accepted. There are many alumni whom the faculty has not been able to reach with invitations, who may attend, and many of the six thousand yet to be heard from, so that a crowd of lifteen hundred or two thousand may be expected.

The faculty will wear caps and gowns. There will be a great procession of faculty, of alumni and other guests.

The ceremonics are in charge of a joint committee of the visitors, alumni and faculty, consisting of Messrs, Harmon, Hunton and Moore, of the visitors; Fisiburne, Duke and McGuire, of the alumnit and Mallet, Page, Wilson and Davis, of the faculty.
